

Order Code: MOU-HM-987-OR

Hm987 - Childrens USB Wired 800dpi Optical Smaller Size Midi Mouse with Fun Coloured Buttons

About

The HM987 measures 9.5 cm x 5 cm, perfect for a child's hand and is specifically designed to give children a fun way for early learning of how to operate a mouse correctly with its fun coloured buttons. Featuring an orange body with bright Blue Left and Red Right click buttons and a plastic scroll wheel, to teach young children the differences when learning to use the computer in the class room or at home. The mouse can be configured for Left Hand users through the control panel of the computer the mouse is being used with.
